Profile Summary

Passionate and results-driven Frontend Developer with 6 months of internship experience building dynamic and user-friendly web applications. Skilled in HTML5, CSS3, JavaScript, React, and Bootstrap, with a strong understanding of responsive design and UI/UX principles. A quick learner and collaborative team player with a creative problem-solving mindset, eager to contribute to a forward-thinking development team.

Experience

- Frontend Developer Intern — Besant Technologies

Online | Mar 2024

- Developed dynamic, interactive user interfaces using React.js, focusing on component reusability, state management, and performance optimization.
- Structured responsive web layouts with HTML5 and CSS3, ensuring mobile-friendly and cross-browser compatibility.
- Applied media queries and modern CSS frameworks for seamless adaptability across devices.
- Improved accessibility and SEO through semantic HTML, adherence to web standards, and best coding practices.

Projects

E-commerce Website | React, Redux, Context API, HTML, CSS, JavaScript

Built a fully functional e-commerce platform featuring product fetching, search, filtering, and cart management.

- Integrated Redux for state management and React Context for user data handling.
- Created custom hooks to track online/offline status in real-time.
- Designed a clean, responsive UI with React Router for smooth navigation.

Key Achievement: Delivered a scalable, modern web app that simulates real-world e-commerce workflows.

Interactive Quiz App | HTML, CSS, JavaScript

Built an engaging quiz application with dynamic question rendering and score calculation.

- Implemented validation, answer tracking, and instant feedback for user responses.

Key Achievement: Strengthened core JavaScript logic and DOM manipulation skills.

Movie App (React + Redux + OMDB API)

- Created a movie app with search, genre filtering, and favorites management using Redux.
- Integrated OMDB API to fetch movie data dynamically and used React Router for page navigation.

Technical Skills

Languages: JavaScript, HTML5, CSS3

Frontend Libraries & Frameworks: React.js, Redux, Bootstrap, Tailwind CSS

Version Control: Git, GitHub

AI Tools: ChatGPT, Claude Ai, GitHub Copilot

Tools: VS Code, GitHub

Education

Bachelor of Engineering in Computer Science

Siddartha Institute of Science and Technology | Aug 2016 – Sep 2020

CGPA: 7.9

Certifications

Frontend Development with React.js — Besant Technologies (2024)

AI Tools Workshop — BE10x (2025)
